HAPPY ST'S PATRICK'S DAY

FEBRUARY MEETING

We had a representative from the Wood Lot Association come in and explain to us how the Wood Lot Tent would be set up at the Plowing Match. We are going to set up a display of projects that have been made on the lathe. Which will show how all parts of the tree can be used for something useful. In lieu of paying for our booth, we will be cutting up some wood pieces the Wood Lot Association need cut.

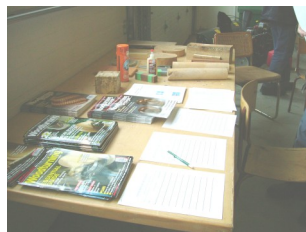

Members will be turning at the booth, handing pamphlets about our club and answering any questions the visitors may have.

The Plowing Match is in Teeswater Sept 16-20th

If you are able to support our club by participating in this event please complete the sign-up sheet with dates and times you are available.

NEW BUSINESS UPDATE

NEW SIGN FOR OUTSIDE OUR BUILDING:

A deposit cheque of \$125.00 has been given to Concept Signs as deposit for our outdoor sign. Hopefully we will be able to have the sign put up in the Spring.

CLASSES SET FOR THIS SUMMER:

The contract between GBWG and Southampton Art School has been signed and sent off. Updates will be passed on as they are known.

GBWG WEB SITE:

The Web site will be renewed for another year. During this year we will try and get the site up dated with new and exciting information and photos.

SHOW AND TELL

We had a very interesting selection of projects this month for our viewing. Hope you enjoy them as much in this newsletter as we did at the meeting.

Jake shows us his cheese plate

Dieter has turned a small

Jim has turned this Maple Burl and used a disk sander to finish the wood. He then used satin spray varathane.

Dave has turned another beautiful vase using 96 pieces. Finishing oil was then used. This took a month to complete.

Jim Brennan showed us an ash bowl with a waxed finish

Brian Lloyd glued together both ash & walnut to make this lovely Candle Holder.

Dieter turned this Walnut project leaving the top rough. It was then varnished and waxed.

LIBRARIAN UPDATE

Jim Brennan has copied our videos onto CD. Both are available

MARCH MEETING

Saturday, March 15th 2008. If you would like to demonstrate please contact one of the executive.
